It was a cold black night and the rain was fallin' down  
It was a cold black night and the rain was fallin' down  
It was a cold back night  
The night that my baby left town

It was the darkest day and the wind was a-howlin'  
through  
It was the darkest day and the wind came a-howlin'  
through  
It was the darkest day  
The day my baby said ?boo-hoo?

Come back baby, I never did you no wrong  
Come back baby, I never did you no wrong  
I been ??? in the front room  
Ever since you been gone

It was a cold black night and the rain was falling down  
It was a cold black night and the rain was falling down  
It was a cold back night  
The night my baby left town

It was the darkest day and the wind came a-howlin'  
through  
It was the darkest day and the wind came a-howlin'  
through  
It was the darkest day  
The day my baby said ?boo-hoo?

It was a cold back night  
It was a cold back night  
It was a cold back night  
It was a cold back night

It was a cold black night and the rain was fallin' down  
It was a cold black night and the rain was fallin' down  
It was a cold back night  
The night that my baby left this town

It was a cold back night  
It was a cold back night

It was a cold back night  
It was a cold back night  
It was a cold back night  
The night that my baby left town

It was a cold back night
