Oh, baby please stop messin' around.
You're messin' around with my heart.
Oh, baby please stop messin' around.
You're messin' around with my heart, ah.
And if you don't stop messin' baby,
Pretty soon we're gonna have to part.

Squeeze me baby till my face turn cherry red.
Roll me so hard, we're gonna fall right out of bed.
Please stop messin' around.
You're messin' around with my time.
And if you don't stop messin' baby,
You're gonna be someone elses baby, not mine, yeah.
Yeah.

Squeeze me baby till my face turn cherry red.
Roll me so hard, we're gonna fall right out of bed.
Please stop messin' around.
You're messin' around all the time.
And if you don't stop messin' sugar,
You're gonna be someone elses baby, not mine, yeah.
Wow.
Yeah.

Squeeze me baby till my face turn cherry red.
Roll me so hard, we're gonna fall right out of bed.
Please stop messin' around.
You're messin' around all the time, yeah.
If you don't stop messin' baby,
You're gonna be someone elses baby, not mine.
Woo.
