(Gary Moore)

I'm falling for your sweet face,
then lonely I'll be gone.
Don't know what I'll be doin',
somehow I think it's wrong.
Been hosting like a gangster,
just tryin' to hide the clues.
But the way I feel, I can't believe it,
I didn't even make a move.

I just wanna be kidnapped,
tied and gagged and bound to the chair,
if you dare.
I'm just kidnapped,
'cause you're stealing my love
and I swear you don't care.

It must be a conspiracy
your fiendish mind has planned.
No ransom note, no blackmail letter,
no evidence at hand.
I can try to run, I can try to hide,
I can pass right out, commit suicide.
But baby, it's no use for me,
you won't be denied.

I just wanna be kidnapped,
tied and gagged and bound to the chair,
if you dare.
I'm just kidnapped,
'cause you're stealing my love
and I swear you don't care.

It's easy in this place and time,
so easy to get trapped.
With a woman like you and a gift like that,
I just wanna be kidnapped, kidnapped, kidnapped.

It's easy in this place and time
so easy to get trapped.
With a woman like you and a gift like that

I just wanna be kidnapped,
tied and gagged and bound to the chair,
if you dare.
I'm just kidnapped,
'cause you're stealing my love
and I swear you don't care.

I'm just kidnapped,
tied and gagged and bound to the chair,
if you dare.
I'm just kidnapped,
'cause you're stealing my love
and I swear you don't care.

I'm just kidnapped,
tied and gagged and bound to the chair,
if you dare.
I'm just kidnapped,
'cause you're stealing my love
and I swear you don't care.

I'm just kidnapped.
And every time I see your face (tied and gagged and
bound to the chair),
I don't know what do do (if you dare).
I'm just kidnapped,
You've got to hold me for ransom ('cause you're
stealing my love),
looks like the plan is due (and I swear you don't care).

I'm just kidnapped.
Kidnapped, kidnapped, kidnapped (tied and gagged
and bound to the chair),
kidnapped, kidnapped, kidnapped (if you dare).
I'm just kidnapped (I'm just kidnapped),
'cause you're stealing my love
and I swear you don't care.
