Run - run - run - run.

Run, you'd better find somewhere to run.
You think you're foolin' everybody,
but you're not foolin' anyone.

Hide, you always need some place to hide.
But you can't hide from what's inside yourself,
you just can't face it.

Run, run for cover now.
You'd better run for cover now.
You'd better find some other place to hide
the loneliness inside.

You'd better run,
run for cover now.
You'd better run for cover now,
before it gets too late.

Run, you're gonna run right out of time.
You've let yourself fall way behind now
and all the years have passed you by.

Lies, I used to listen to your lies.
But now I've learned to read between the lines,
I've got your number.

Run, run for cover now.
You'd better run for cover now.
You'd better find some other place to hide
the loneliness inside.

You'd better run,
run for cover now.
You'd better run for cover now,
before it gets too late.

Yeah.

Run, run for cover now.
You'd better run for cover now.

You'd better find some other place to hide
the loneliness inside.

You'd better run,
run for cover now.
You'd better run for cover now.
You'd better find some other place to hide
what's eating you inside.

You'd better run,
run for cover now.
You'd better run for cover now.
Yeah.

Run for cover.
Run - run - run - run.
Run - run - run - run.
Run - run - run - run.
Yeah, yeah.
