What is it that you want
What is it that you need
Are you gonna take everything
Do you wanna see me bleed
What is it that you're looking for
Do you always have to take some more
'Till there's nothing left to feel
Nothing left of you and me

There's a hole where we used to be
Everything's so empty now
Without you and me
There's a time that we never had
Everything's so empty now
And it feels so sad

Why is it that you never see
What are you trying to do to me
Or is it that you just don't care
That I'm in misery
We gotta set the record straight
Before it starts to get to late
I'm begging on my bended knees
Won't you hear me please

There's a hole where we used to be
Everything's so empty now
Without you and me
There's a time that we never had
Everything's so empty now
And it feels so sad

Does it really have to be this way
Do you ever hear a word I say

There's a hole where we used to be
Everything's so empty now
Without you and me

There's a time that we never had
Everything's so empty now

And it feels so
And it feels so sad

There's a hole, there's a hole, there's a hole
Where we used to
Where we used to
Where we used to be
