(John Scott Sherrill - Bob DePiero - Gary Morris)

Somebody somewhere
is waiting for someone like me
I know it's the right time
must of been the wrong place to be.

I've been looking for love so long
God I hope I find it soon
but sometimes I feel like
I'm draggin' the lake for the moon.

There's the first star
tell me do you see it too
I know that same light is shining on me and on you
If we close our eyes and wish real hard
maybe it will all come true
but tonight I feel like
I'm draggin' the lake for the moon.

It's been so long without you
yes I can take some more
I'm alone but I've been alone before
But you know my darlin' I'll come running
running, running, fast as I could fly
if you'd just give me some kind of sign.

Oh my true love
I know you're out there somewhere
Please don't tell me I'm looking
for someone that just isn't there.

Someday I'll see your face
smile across a crowded room
but tonight I feel like
I'm draggin' the lake for the moon.

Darlin' don't you know it's true
Sometimes I feel like
I'm draggin' the lake for the moon.

Just looking for you
Tonight I feel like
I'm draggin' the lake for the moon...
