### "Makin' Up for Lost Time"

Visit "[Makin' Up for Lost Time](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Gary Morris and Crystal Gayle

(Gary)

I see you standing in the light by the window of my  
bedroom

That old moon has never shined as bright  
As it's shining now on you

(Crystal)

I see a new star in the heavens for us tonight  
I've been waitin' for you most of my life

(Both)

Now that we're together and the way we belong  
I can't help but wonder why, why did it take so long?

Chorus: (Both)

Sometimes it takes much time to find the right one to  
say

I wanna make you mine, I wanna make you mine

Be with you all the time

And be the only light in your eyes that ever shines

Sometimes it takes many roads to reach the right one  
to say

Here's where I wanna be, oh what you mean to me

When we're making love, I'll spend the rest of my life

With you making up for lost tim

(Gary)

Making up (echo-Crystal: making up) for lost time.

(Crystal)

I turn around and get lost in the look that you give to  
me

I drift away when I hear you say, you've only lived to  
find me

(Gary)

Darlin', let me hold you in my arms, darlin' oh, so tight

I been waitin' for you most of my life

(Both)

Now that we're together and the way we belong

I can't help but wonder why, why did it take so long

Chorus: (Both)

Sometimes it takes much time to find the right one to  
say  
I wanna make you mine, I wanna make you mine  
Be with you all the time  
And be the only light in your eyes that ever shines  
Sometimes it takes many roads to reach the right one  
to say  
Here's where I wanna be, oh what you mean to me  
When we're making love, I'll spend the rest of my life  
With you making up for lost tim  
(Gary)  
Making up (echo-Crystal: making up) for lost time.

(Gary) We never spent together  
(Both) Lost time  
(Crystal) Better late than never  
(Both) lost time  
You know we'll be everywhere making up, making up  
for lost time.

(Gary) We never spent together  
(Both) Lost time  
(Crystal) Better late than never  
(Both) lost time  
You know we'll be everywhere making up, making up  
for lost time...
