(Gary Morris)

Maybe now you'll see
What you mean to me
All that's left to do
Is say good-bye
'Cause I'm leavin' you.

Maybe now you'll see
I could never be
Who you thought you knew
How I wish I could
It's a wish that can't come true.

Maybe soon you'll say
We're better off this way
And I hope in time
You'll find the love your looking for
You'll find the love that suits you
More than mine.

Maybe now you'll see
What you mean to me
Though I hate to go
I'm leavin' now
Because I love you so...
