(Gary Burr - Gary Morris)

Spring here is made for love
Summer is full of stars in promise
Wish you were here to watch the leaves turn gold
Well if you come I know you'll stay
One fall is all it takes.

Wasn't so long ago
I had an empty heart inside me
Lately it seems I'm filled with dreams of you
It's more than just the time or place
One fall is all it takes.

Before the winter snow locks me away
Come for your share of gold
Shining here today.

Before the winter snow locks me away
Come for your share of gold
Shining here today.

Wish you were here right now
For me to hold
Well if it's time I found the place
One fall is all it takes...
