Lately i feel like, i'm waiting on your word. Waiting for the clock to turn and my heart to stop. You don't wanna love me, i'll only let you down, but tell me if you change your mind. Now i don't really wanna be there, if you walk away, don't tell me that your minds made up now, there nothing else to say, i don't wanna scream out but you can read my mind, now tell me do you feel alive....

Cause my heart beats so quickly, whenever you're around and i lose myself easy, your kiss is my weakness and your love grows deeper, leaving me chasing time, so tell me if you feel alive....

You're the last thing that i think about, when i close my eyes and when i rise up with the morning sun, you're the first thing on my mind, but you don't wanna love me, i'll only let you down, tell me if you change your mind....

Cause my heart beats so quickly, whenever you're around and i lose myself easy, your kiss is my weakness and your love grows deeper, leaving me chasing time, tell me do you feel alive...

I don't wanna beg, i don't wanna steal and i don't wanna taste this bitter defeat, i don't wanna hide, i don't wanna run and i don't wanna face this world alone... Oh no...

Cause my heart beats so quickly, whenever you're around and i lose myself easy, your kiss is my weakness and your love grows deeper, leaving my chasing time, tell me do you feel alive...

Tell me if you change your mind.
