No one's alive
You could almost be me
What do you mean
Oh, nothing, nothing at all

Room 8 top floor
I've seen this man before
Are you real?

Is it me? Is it you?
Is it me? Is it you?

Cold metal voice
Of no one's friend it could be mine
My reflection
Is no longer me at all

Am I a fake
Of the man and are you of me
Are you real?

Is it me? Is it you?
Is it me? Is it you?

Relax in the back-room
Oh me, oh my, oh wouldn't you
I know your face
Your connection is broken, boy

Nothing is new
Remember? I've got no time
Oh are you real?

Is it me? Is it you?
Is it me? Is it you?

Real? Real? Real?
