Here it comes again  
That old familiar pain  
Here it comes again  
Now it has a name

What am I to do?  
And where am I to go?  
Here it comes again  
I am not myself

Do you think of me?  
Do you think of me?

Here it comes close again  
Tortured and deceived  
Here it comes close again  
If only I'd believed

What am I to say?  
And where am I to die?  
Here it comes again  
I am not myself

Do you think of me?  
Do you think of me?

I'll tell you something that you don't know  
I'll tell you something that you don't know  
I'll tell you something that you don't know  
I'll tell you something that you don't know

Once is always so don't call me, call me  
Once is always so don't call me, call me  
Once is always so don't call me, call me  
Once is always so don't call me, call me
