Ive been waiting here
Waiting for faith
And the word to fall.
Now the darkness comes
And Ill pray for
The end of us all.

Dont let the dark into me
We killed the angels that warned us of you
Dont let the dark into me
We raised the tower of babel for you
Dont let the dark into me
We let the children build temples for you
Dont let the dark into me
Dont let the vengeance of heaven be you

So pray to me, Im the lords new disease,
Look down into the face of god.
Bow down and cry, Im the black messiah,
The one true divinity.
Kneel before my altar and drink the wine of slaughter,
Who said Id save anyone?
So bleed for me, I need hostility
To lead the faithful and the blind.

Dont let the light shine on me
I am the poison that feeds life to you
Dont let the light shine on me
I am the demon that waits inside you
Dont let the light shine on me
I am the ghost that reminds death of you
Dont let the light shine on me
I am the darkness that crawls into you
