Gary Numan's Tubeway Army "Everyday I Die". problems of need i need you obscene dreams in rusty beds no one came here tonight i pulled on me i need to

i unstick pages and read i look at pictures of you i smell the lust in my hands everyday i die

her favorite trick was to suck me inside oh so very art nouveau completely false feelings of love i don't no one knows but that died years ago

i unstick pages and read i look at pictures of you i smell the lust in my hands everyday i die

die die die die

remember that the french term for "orgasm" translates to "the little death".
