Does she make you laugh?
Does she make you cry?
Does she call your name?
Let me tell you why.

Have you ever tried to look into her eyes?
Have you ever tried to look into her heart?

There is no-one home.
Time will heal you
Time heals everything
Just an empty room.
Time will help you
Time helps you forget
Theres no tears for you.
Time will heal you
Time heals everyone
Theres no heart at all.
Time will help you
Time helps you forget me.

She will change your world.
She will change your mind.
She will change your rules.
She will make you blind.

You will never try to look into her eyes.
You will never try to look into her heart.

See theres no-one home.
Time will heal you
Time heals everything
See an empty room.
Time will help you
Time helps you forget
See no tears for you.
Time will heal you
Time heals everyone
See no heart at all.
Time will help you
Time helps you forget me.

Ill leave you
Youll try to forget.
Ill haunt you.
Like someone haunts me.
Ill leave you.
Youll try to forgive.
Ill haunt you.
Like someone haunts me.

Does she laugh at you
Like she laughed at me?
Does she break your heart
Like she broke mine?
