I'm in Outland
Sex tension
She whispers things I need

Look in her heart
Slow motion
'I've been expecting you.'

I'm in Outland
I'll do anything.

I'm in Outland
Storm my heart
Tear me up if you like.

Come closer
Say nothing
I've got something for you.

I shape sound
I shape time
I'll shape your world for you.

I'm in Outland
I'll do anything.

I'm in Outland
Emotion
Dark whispers in my head.

Got the sex scream
On new film
I've got the friend I need.

Don't play safe
Don't play clean
Don't play if you can't lose.

I'm in Outland
I'll do anything.
