It was hard to avoid
I suppose, it was the shame
But they didn't even try

You see, we'd never met
And they didn't have names
There was nothing I could do

So I turned on the crowd
And I screamed, "You and you
It could have been you"

And they seemed to think
That I looked that way
Or maybe I was wrong

So I said, "Do you know Mr. Wall"
And they looked the other way
And then they smiled at me

But the police came
And I said it was me
And I just walked away
