Am I invisible, I know just by you
Oh when our eyes meet, do you feel it too
I've been giving out signs, left and right
I wanna make you mine, if that's alright with you

What will make you notice me
What will open your eyes to see
I'm feeling you, are you feeling me
Can you read me now, or do I have to spell it out

It's pretty obvious, you mean something to me
Are you oblivious, do I have to keep
Giving out signs, left and right
I wanna make you mine, is that alright with you

What will make you notice me
What will open your eyes to see
I'm feeling you, are you feeling me
Can you read me now, or do I have to spell it out

When your eyes meet mine
It feels so right
Don't you see we're meant for each other
When you're standing near, it becomes so clear
That we're made for one another

But
What will make you notice me
What will open your eyes to see
I'm feeling you, are you feeling me
Can you read it now

What will make you notice me
What will open your eyes to see
I'm feeling you, are you feeling me
Can you read me now, or do I have to spell it out

Spell it out (Do I have to spell it out)
Spell it out (Do I have to spell it out)
Can you read it now
Or do I have to spell it out
