Let's go back to war and violence  
I'm so bored with peace and silence  
Nights of evil filled with fear  
Your worst dream, that's my idea of fun

Let darkness find its sad ways  
Let's go back to good old bad days  
No more foolish acts of kindness  
Arthur and his kingdom will be mine

Years from now, no one will bother  
To recall your good King Arthur  
Because all of this will be mine  
This will all be mine

I have a plan, it includes you  
You, Juliana, will lead me to Camelot  
Where I will claim all that is mine

In the back of your wagons, my men will all hide  
You'll sit up front as the gates open wide  
Now watch me create  
My mechanical army with pride

With this potion I bought from some witches  
A drop on this chicken  
Oh, watch as it switches into a weapon  
That I can use at will  
Now this chicken can kill

Ta-dah, behold  
A blade beak

Stand right up and enter quickly  
I'll transform the meek and sickly  
Into iron men with hands of steel  
Yes, yes, into the water quickly, now go you fools

Next stand up straight, now move it along  
No, no, no, no, no, that's no good  
Prepare for the dawning of a new age  
The Ruberian age

Year one

Bring on the darkness, bring on the gloom  
We are the army of glory and gloom  
Bring on the darkness, bring on the gloom  
We are the army of glory and gloom

Only one will be revered  
Worshiped, hated, loved and feared  
I'd just like to say a few words  
I, me, mine

You were mistaken if you believed  
Ruber was someone who'd crumble and leave  
Now I am back and I will be staying this time

I told you once and I told you twice  
Everything you see before you  
Every last bit of it will be mine
