Girl you are to me
All that a woman should be
And I dedicate my life to you always

A love like yours is rare
It must have been sent from up above
And I know you'll stay this way for always
And we both know
That our love will grow
And forever, it will be
You and me

Ooh, you're like the sun
Chasing all of the rain away
When you come around
You bring brighter days

You're the perfect one
For me and forever will be
And I will love you so for always

Come with me my sweet
Let's go make a family
And they will bring us joy for always

Ooh, you're like the sun
Chasing all of the rain away
When you come around
You bring brighter days
You are perfect
For me and you forever will be
And I will love you so for always
