I could hold on for a hundred years
When all else is gone
I would still be here
In a memory of things yet unseen
I'd remember all that we've never been
And I cannot wait to see
What life has in store for me

[chorus]
In another lifetime
It would be forever
In another world
Where you and I
Could be together
In another set of chances
I'd take the one's I'd missed
And make you mine
If only for a time
My life would matter
In another life

And I'd stay as strong and I'd stay as true
And you'd have forever now to think it through
Coz I believe what wasn't meant to be
Wasn't meant for now and
Someday you'll see
In a place and time we never know
I'd be standing there waiting for you
[Repeat Chorus]

[Bridge]
You would be mine
But until that time is now
I'd be holding on somehow
[Repeat Chorus]

[Coda]
But until that time
I'll be holding onto forever
Until another life
