I've always been impressed with a girl  
who could sing for her supper and get breakfast as well  
That's the way I am, heaven help me  
He said we don't like peace campaigners round here  
As he nailed another one to the wall  
And that's what gets me in trouble, heaven help me  
Goodbye and good luck  
To all the promises you've broken  
Goodbye and good luck  
To all the rubbish that you've spoken  
Your life has lost its dignity  
Its beauty and its passion  
You're an accident waiting to happen  
There you are standing at the bar  
And you're giving me grief about the DDR  
And that chip on your shoulder gets bigger as you get older  
One of these nights you're gonna get caught  
It'll give you a pregnant pause for thought  
You're a dedicated swallower of fascism  
Time up and time out

For all the liberties you've taken

Time up and time out

For all the friends that you've forsaken

If you choose to waste away

Like death is back in fashion

You're an accident waiting to happen

My sins are so unoriginal

I have all the self loathing of a wolf in sheep's clothing

In this carnival of carnivores, heaven help me
