It's bad timing and me

We find a lot of things out this way

And there's you

A little black cloud in a dress

The temptation

To take the precious things we have apart

To see how they work

Must be resisted for they never fit together again

If this is rain let it fall on me and drown me

If these are tears let them fall

Chorus:

Must I paint you a picture

About the way that I feel

You know my love for you is strong girl

You know my love for you is real

It took a short walk and a talk

To change the rules of engagement

While you searched frantically for reverse

And then claiming

That virtue never tested is no virtue at all

And so I lost my ignorance

And now the bells across the river chime out your name  
I look across to them again  
All your friends said come down  
It will never fly  
And on that imperfect day  
We threw it all away  
Crisis after crisis, with such intensity  
This would never happen if we lived by the sea  
Most important decisions in life  
Are made between two people in bed  
I found that out at my expense  
And when I see you  
You just turn around and walk away like we never met  
Oh we used to be so brave  
I dreamt the world stopped turning as we climbed the  
hill  
I dreamt impossible dreams that we were lovers still
