"Break Me"

No words are left now to be spoken
When all my promises are broken
And all excuses i have used in justifying
My actions move me so much closer to the fire
But now i know
Seems i've lost my soul

Make me and take me
Can you find me in this world
I've chosen and never let me go
Hold me and mold me
And if there's no other way
To make me whole
Go ahead and break me
Then remake me
Hold it on i won't give up
Coz i know you wont give up
On me

Grow weary of my ways pretending
Showing i'm okay when i am hurting
But now i know
Time to find my soul

Make me and take me
Can you find me in this world
I've chosen and never let me go
Hold me and mold me
And if there's no other way
To make me whole

I've been too proud
And now i don't know where to go
And like the son who came back home
Im giving you my life
My mind, my heart, my soul
I'm trusting you enough to break me
Then to make me whole

Can you find me in this world
I've lost and never let me go
Hold me and mold me

And if there's no other way
To make me whole
Go ahead and break, break me
Gently remake me
Hold it on i won't give up
Coz i know you won't give up
You're never givin up on me

No, no, no, no ,no

You're never givin up on one like me
