COULD WE

Gary Valenciano & Zsa Zsa Padilla

Gary:

I still wanna see you  
I still wanna be with you alone at night  
I still wanna hold you  
I still wanna feel the love that felt so right  
Cuz after all this time  
With all that's on my mind  
Till now you're still the biggest part of me  
I still believe between you and I  
There is still love to find.

Zsa Zsa:

If I can remember  
You were the one who wanted to end it all  
Time has made me strong  
Now I wish you'd leave before you make me fall  
Cuz after all this time  
With all that's on my mind  
Till now you're still so much a part of me  
But I can't believe between you and I  
There is still love to burn.

Both:

Could we have been so wrong  
Maybe we should have just held on  
why do our hearts feel the way they do  
If we don't love each other anymore  
Why fool ourselves some more  
Let's end this crazy war  
I feel it's time  
I know it's now  
Let's start again, could we?

Zsa Zsa:

If I were to start it  
How can I be sure you won't walk away no more  
I've done enough of crying  
Just waiting for you to walk back in to that door

Both:

And after all this time  
with all that's on my mind  
Till now you're still so much a part of me  
I still believe between you and I  
There is still love to burn.

Gary: Come let's reach for the sky  
Zsa Zsa: Never wanna hear you say goodbye  
Gary: I promise this day cuz now I know  
Zsa Zsa: I've heard that line sometime ago  
Gary: I love you  
Zsa Zsa: Do you?  
Gary: I miss you  
Zsa Zsa: Should you? You threw it all away  
Gary: Can't you see I've opened my eyes  
and realized that you're the one for me
