There's something about the rain when it pours
It gets me thinkin' of you more and more
There's something about the way you are
That takes this empty feeling oh so far
Now I know can't deny what I am feeling
Can I hold you, can I have you a little longer
Can I know you, through my eyes let me tell you
I'm loving you more and more
There's something about the warmth of your touch
That came for a moment yet told me so much
I wish I didn't have to waste all that time
When I made believe taht you are mine
Now I know can't deny that I am falling
Coz I love you, wanna have you by me forever (and
ever)
Can I hold you, through my eyes let me tell you
(I'm lovin' you more)
If you knew what I've been going through
Would you feel the same way too
Tell me now what more can I do to get to
Know you and open up your heart
Show me where to start
Coz I'm loving you more and more
More and more...
Now I know can't deny that I am falling
(Coz I love you) You should know
I'm lovin' you so
Wanna have you by me forever (and ever)
Can I hold you, through my eyes let me tell you
I'm lovin' you more and more
(Can I know you) You should know
I'm lovin' you so
Wanna have you by me forever (and ever)
(Can I hold you) I wanna hold you
Through my eyes let me tell you
I'm loving you more and more...
