Chorale

We represent all of mankind
Come with us, we'll stroke your mind
Forget the sadness of your fate
The strain upon your brain
And celebrate
Seasons ever shall be stream
You will teach us how to sing
Tell us stories, make us dance
Across the skies of France
And the world
Come with us, come with us

Celebrate

King of Fools

My sceptre!

Chorale

Celebrate

King of Fools

My crown!

Chorale

Celebrate

King of Fools

I am your King of Fools

I'll always twist the rules

To turn a sour day round to a festive day

Chorale

You are our King of Fools

You've got to twist the rules

King of Fools

I'll sing a canticle

Perform a miracle

I'll clown and drown your cares away today

I am your King of Fools

I'll always twist the rules

I'll outlaw politics

I'll teach you magic tricks

I'll stamp out prudery and race up revelry

And challenge you to live your fantasies

King of Fools &

Chorale
So sing a canticle
Demand a miracle
And turn a sour day
Into a festive day
Be grand and lyrical, discount satirical
Command to celebrate a holiday

Chorale
We vow for you to be our king
King of Fools
I am your king
Chorale
You must teach us how to sing
King of Fools
I am your king
Chorale
Tell us stories, make us dance
Across the skies of France
And the world
King of Fools
Your king
Chorale
Come with us, come with us
Celebrate
King of Fools
Your king
Chorale
Celebrate
King of Fools
Your king! Your king!
