You make me feel out of my element
Like I'm walkin on broken glass
Like my world's spinnin' in slow motion
And you're movin' too fast

Were you right, was I wrong
Were you weak, was I strong
Yea - both of us broken
Caught in a moment
We lived and we loved
And we hurt and we joked yea
But the planets all aligned
When you looked into my eyes
And just like that
The chemicals react
The chemicals react

You make me feel out of my element
Like I'm drifting out to the sea
Like the tide's pullin' me in deeper
Makin' it harder to breathe

We cannot deny how we feel inside
We cannot deny
Were you right, was I wrong
Were you weak, was I strong
Yea - both of us broken
Caught in a moment
We lived and we loved
And we hurt and we joked yea
But the planets all aligned
When you looked into my eyes
And just like that
The chemicals react
The chemicals react

Kaleidoscope of color's turnin'
Hopes on fire, sun is burnin'
Shining down on both of us
Don't let us lose it
Don't let us lose it

Were you right, was I wrong
Were you weak, was I strong
Yea - the both of us broken
Caught in a moment
We lived and we loved
And we hurt and we joked yea
Yea, yea, yea
We lived, we loved, we hurt, we joked
We're right, we're wrong, we're weak, we're strong
We lived to love

But the planets all aligned
When you looked into my eyes
And just like that
Watch the chemicals react
Yea, yea, yea
And just like that
The chemicals react
Yea, yea, yea
The chemicals react
