I'm so glad  
Now that I know  
That you feel for me now

My sorrow is gone  
And I'm starting to let go  
Can you feel for me now

I'm reeling everywhere  
I look you're there again somehow  
And you feel for me like I feel for you now

When I'm sad  
I know you know  
'Cause you feel for me now

You're the queen of my heart  
And before you I bow  
Can you feel for me now

Angel of light  
You have dragged me from the deep  
And you feel for me like I feel for you now

Oh oh, yeah  
Nah Nah Nah Nah Nah Nah Nah Nah  
Nah Nah Nah Nah Nah Nah Nah Nah

Don't be afraid  
Never tell me why or how, no no  
Just feel for me like I feel for you now, Oh Mmm

If there is a light in you  
Let me feel it too  
Oh, like I feel for you now

And if we meet again in another time or place  
Will you know my face  
Will you feel for me like I feel for you now

Oh, will you feel for me like I feel for you now  
Mmm, Mmm

Oh, will you feel for me like I feel for you now  
Feel, feel for me like I feel for you now  
Feel, feel, feel, for me now
