This Christmas card is so contrived
A mannequin looks more alive
Haven't meant a word I've written here
The page is full not one thing sincere

I can't, I can't
I can't, I can't take it
This is the time to smile
I can't fake it
Please allow me the chance now to break it down

It's not snow, it's rain coming down
And the lights are cool,
But they burn out
And I can't pull off the cheer
Not this year
Not this year
Not this year

When I look into the mirror
No happiness is present here
Not supposed to whine,
Not supposed to cry
Try to hold it in, but not this time

I can't, I can't
I can't, I can't take it
This is the time to smile,
I can't fake it
Please allow me the chance now
To break it down

It's not snow, it's rain coming down
And the lights are cool,
But the burn out
And I can't pull off the cheer
Not this year
Not this year
Not this year

Don't know, don't know

If you can hear me
I will, I will
Speak louder for you

No more whispering
Are you listening
I am pleading
I am pleading

I can't, I can't
I can't, I can't take it
This is the time to smile
I can't fake it
Please allow me the chance now
To break it down

It's not snow, it's rain coming down
And the lights are cool,
But they burn out
And I can't pull off the cheer
Not this year
Not this year
Not this year
I can't, I can't

It's not snow, it's rain coming down
And the lights are cool,
But they burn out
And I can't pull off the cheer
Not this year
Not this year
Not this year
Not this year
