When something's pure
How can people just say
We're not meant to be
And when something's true
How can people just
Keep me away from you

Suddenly, I'm all alone
Pushed away from nothing wrong
Don't cha have the guts to say
How you feel about me

[Chorus]
Out of the blue
They said we couldn't be together
I, I have to get over you
We've been given no choice
We have no voice
Out of the blue

Can't even call
On the telephone
Don't even know
If your at home
But to control
Just how we feel
Is between you and I
Not for one to steal

Suddenly, I'm all alone
Pushed away from nothing wrong
Don't cha have the guts to say
How you feel about me

[Chorus]
Out of the blue
They said we couldn't be together
I, I have to get over you
We've been given no choice
We have no voice

Just wanna hear
What you've gotta say
Are you feeling the same
Cause I'm not okay
Thought when we met
There was something more
But the others said no
They shut the door

[Chorus]
Out of the blue
They said we couldn't be together
I, I have to get over you
We've been given no choice
We have no voice

Out of the blue
We knew we should have been together
Don't wanna get over you
When love makes the choice
It has voice
Out of the blue
