Into your head  
Into your mind  
Out of your soul  
Race through your veins  
You can't escape  
You can't escape

Into your life  
Into your dreams  
Out of the dark  
Sunlight again  
You can't explain  
You can't explain

Can ya feel it?  
Can ya feel it?  
Rushin' through your hair  
Rushin' through your head  
Can you feel it?  
Can you feel it?

[Chorus]  
Don't let nobody tell you your life is over  
Be every color that you are  
Into the rush now, you don't have to know how  
Know it all before you try

Pulling you in  
Spinning you round  
Liftin' ya feet  
Right off the ground  
You can't believe  
It's happening now

Can ya feel it?  
Can ya feel it?  
Rushin' through your hair  
Rushin through your head  
Can ya feel it?  
Can ya feel it?

[Chorus]

Don't let nobody tell you your life is over  
Be every color that you are  
Into the rush now, you don't have to know how  
Know it all before you try

It takes you to another place  
Imagine everything you can  
All the colors start to blend  
Your system over loads again

Can you feel it?

[Chorus]

Don't let nobody tell you your life is over  
Be every color that you are  
Into the rush now, you don't have to know how  
Know it all before you try  
Don't let nobody tell you (yeah, yeah, yeah, yeah)  
Don't let nobody tell you (yeah, yeah, yeah, yeah)  
Don't let nobody tell you your life is over  
(Be every color that you are)  
Be every color that you are  
Give into the rush now, you don't have to know how  
(know how yeah)  
Know it all before you try  
Yeah, yeah, yeah, yeah  
Yeah, yeah, yeah, yeah
