A picnic on a sunny afternoon.  
I'm feeling lighter than a red balloon, well it's  
Hard to believe it, but I can perceive that  
Love is winding up, and it'll hit me soon.

We take the trail down to the rocky beach.  
Sewage plant is well within our nasal reach, well,  
We just ignore it. We've got no time for it.  
The sun is really looking like a big old peach.

I see the future come, and I don't wanna be  
One of the ones that ends up without  
Somebody good, somebody good like you.  
Like you.

We find a spot and put the blanket down.  
Rocks are kinda bumpy, but we sure don't frown.  
It feels just like velvet, and I can just tell that  
A whole new way of seeing is a-comin' round.

Unpack the fixin's and we start to eat.  
Sunlight is a-playin' with our sandy feet, well  
We're making small patter, but none of that matters,  
'Cause now we're just transmitting an unspoken truth.

I see the future come, and I don't wanna be  
One of the ones that ends up without  
Somebody good, somebody good like you.  
Like you.

We find a spot and put the blanket down.  
The rocks are kinda bumpy, but we sure don't frown.  
It feels just like velvet, and I can just tell that  
A whole new way of seeing is a-comin' round.

Sunlight is a-playin' with our sandy feet, well  
We're making small patter, but none of that matters,  
'Cause now we're just transmitting an unspoken truth.

I see the future come, and I don't wanna be

One of the ones that ends up without  
Somebody good, somebody good like you.  
Like you.
