# **"Garner Hall Music Room"**

Visit "[Garner Hall Music Room](#)" on [MotoLyrics.com](https://MotoLyrics.com)

- 1  
close windows and drapes  
to avoid flying glass and  
water damage
- 2  
close room door and  
evacuate to the nearest  
designated shelter area
- 3  
do not use the elevator
- 4  
seek protection from window areas  
do not go outside the building  
this is not a test  
in the event of an emergency  
don't forget to salvage the scene  
a laundry list of spitfire items  
and the ring you never wear  
hall walls are painted planted  
hall walls never sweat  
hall walls can manage damage  
but we never forget
- 5  
assume seated position in a  
shelter area and await notification  
that the danger has passed  
hall walls are cornered in corners  
hall walls stay staked  
hall walls can contact coroners  
hall walls don't break
