Someone wake up
This town makes so much noise now
Are you dead or asleep?
Either way you're worthless to me now

Someone wake up
That someone should be me
I'm so tired of losing
I'm so tired of everything

Pack your bags, hitch a ride
'Cause the moon can't hide tonight
Where we go, where we've been
I'm ready to leave town again

I'm not going nowhere

Take me as I am
I'm better off by your side
Some thoughts paralyze me
Look up, baby, I'm off my knees

Take me as I am
I'm better off by your side

Pack your bags, hitch a ride
'Cause the moon can't hide tonight
Where we go, where we've been
I'm ready to leave town again

Now I'm walking forever
Forever seems way too near
Hallelujah, sings the choir
Raise the dead with the sound of a song

My lips taste like fire
My eyes see no end in sight
When I speak of your glory
My tongue is useless, just a broken sound

Pack your bags, hitch a ride
'Cause the moon can't hide tonight

Where we go, where we've been
I'm ready to leave town again

Pack your bags, hitch a ride
'Cause the moon can't hide tonight
Where we go, where we been
I'm ready to leave town again

Yeah, yeah, yeah, yeah, yeah, yeah
No, no, no, no, no, no
Yeah, yeah, yeah, yeah, yeah
