Steam

I'm the one who is lonely now  
Sick and tired of these ins and outs  
I'm in between like your favorite drink  
Your steam is safe or so you think

It's kind of clever how nothing's changed  
Except my name and maybe our handshakes  
I pretend to remember your name  
And you sort of remember my face

I'm open but I wish I were closed  
I didn't want to know what some people know  
I am a well dried up  
I am a well dried up

Morning should never start like this  
Empty feelings on what I've missed  
I got no regrets  
Wait, maybe I do

I got no living and I got no clue  
Am I right, I'm most likely wrong  
Nothing's changed except the lines in my palms  
I'm growing older and I'm distracted once again  
Young hearts promise not to promise again

I'm open but I wish I were closed  
I didn't want to know what some people know  
I am a well dried up  
I am a well dried up

Love, it don't mean a thing  
If your heart is broke just let it be  
I am a well dried up  
I am a well dried up

I'm open but I wish I were closed  
I didn't want to know what some people know  
I am a well dried up  
I am a well dried up

Love, it don't mean a thing  
If your heart is broke just let it be  
I am a well dried up  
I am a well dried up

Love, it never meant a thing  
And if your heart is broken just let it be  
I'm not sure anyone was watching  
When the one you're holding lets you leave

Lets you leave, lets you leave  
Lets you leave, lets you leave  
Lets you leave, lets you leave
