Jump in heat  
Plunge to your truth  
Agree with your youth  
Consider defeat  
Part and part  
And separate  
We will

Brand new paths  
In ways to soothe  
Never disagree with your youth  
Part of your heart  
Will separate  
It will

The gift of your life  
All what was concealed  
No skin-deep a dive  
Your childhood revealed

You jump in heat  
Plunge to your start  
Don't underestimate  
Your own point of view  
Don't part your art  
Or hesitate  
Your will

The gift of your life  
All what was concealed  
No skin-deep a dive  
Your childhood revealed

You peel all the layers of forever  
You start the beginning of the end  
Breathing is bridging the gap  
Between black and light

And now you feel alive!  
And now you learn to dive you know!  
Breathing is bridging the gap

Between black and light
