"The Father's Love"

Visit "[The Father's Love](#)" on MotoLyrics.com

No greater love have we known,
We sing, we sing
The depth of the grace You have shown,
We sing, we sing
Forever we live to proclaim

We found love in the arms of the Savior
Hope has come, death has been defeated
We are one, and nothing can separate us from the
Father's love

You dwell inside of our praise,
We sing, we sing
To tell of Your life and Your name,
We sing, we sing
Forever we live to proclaim

We found love in the arms of the Savior
Hope has come, death has been defeated
We are one, and nothing can separate us from the
Father's love

Cause Heaven is with us, truth can't be stolen
We know who we are and we are Yours
Hearts have been mended, eyes have been opened
We know who we are and we are Yours
We are Yours Lord

We found love in the arms of the Savior
Hope has come, death has been defeated
We are one, and nothing can separate us from the
Father's love

We found love in the arms of the Savior
Hope has come, death has been defeated
We are one, and nothing can separate us from the
Father's love
Can separate us from the Father's love
