The day you went away  
You had to screw me over  
I guess you didn't know  
All the stuff you left me with  
Is way too much to handle  
But I guess you don't care

You don't need to preach  
You don't have to love me, all the time

Whatever on earth possessed you  
To make this bold decision  
I guess you don't need me  
While whispering those words  
I cried like a baby  
Hoping you would care

You don't need to preach  
You don't have to love me, all the time

You don't have to preach  
All the time
