### "Stranges Machines"

It has always been in the back of my mind  
Dreaming about going through the corners of time  
I always wanted to fly in strange machines

I wanna do centuries in a lifetime  
And feel it with my hands  
Touch World War II and Cleopatra  
Flying...

Could it be that my dream would come true  
Building a machine that would actually do  
What I want to do

Russian Revolution, let's do it in one day  
Beethoven and Gershwin I think that would be OK  
More than anything I wanna fly in strange machines

I wanna do centuries in a lifetime  
And feel it with my eyes  
Watch Jesus rise, if he ever did  
Flying...

I wanna do centuries in a lifetime  
And feel it with my hands  
Touch Renaissance and Shaka Khan  
Flying...
