you are looking at me with your stupid eyes
and your look is cold as fuckin' ice
c'mon kid think a bit
I'm feeling tired and fuckin'sick
c'mon kid think a bit
I'm feeling tired and fuckin'sick
you are looking at me with your stupid eyes
and your look is cold as fuckin' ice
through the lovers in the streets
you make me tired and fuckin' sick
through the lovers in the streets
you make me tired and fuckin' sick
c'mon kid think a bit
I'm feeling tired and fuckin'sick
c'mon kid think a bit
I'm feeling tired and fuckin'sick
