Show me show me show me how you do that trick
the one that makes me scream she said,
the one that makes me laugh she said,
and threw her arms around my neck

Show me how you do it, and i promise you, promise
that
i'll run away with you, i'll run away with you

spinnin on that dizzy hedge i kissed her face, kissed
her head
and dreamed of all the different ways i had to make
her glow
why are you so far away she said, why won't you ever
know that i'm in love with you,
oh i'm in love with you

you, soft and lonely
you, lost and lonely
you, strange as angels
dancing in the deepest ocean, twistin in the water

your just like a dream, just like dream

till i licked me into shape, i must have been asleep for
days
and movin lips to breath her name, i opened up my
eyes

and found myself alone alone alone, above the
rageing sea
that stored the only girl i loved and drowned it deep
inside of me

you, soft and lonely
you, lost and loney
Just Like Heaven
