We were flipping through a photo album
at a low branch on the family tree
I said, "you look just like him"
this one looks like me
doesn't she?

Oh and we really are a mixture
as we drew closer to the picture
gathering our traits
and how they touched each one
of our fates

and I took a moment
and thought to myself

Chorus:
Well it's alright, mamma
cause at least I've got your head upon my shoulder
and father
the hands you gave me are capable and strong
but our love is stronger
sister and brother
love is stronger

If I'm standing with my back against the wall
I'll remember what this sense I have is for
and I'll be in that moment
but not by myself
I'll have help
you will all be with me
pulling me along

And I'll be alright, mamma
cause at least I've got your head upon my shoulder
and father
the hands you gave me are capable and strong
but our love is stronger
sister and brother
love is stronger

And if the world should fall apart

I'll not fear
love is here
love is here

Chorus
(sister and brother part repeated a few times)
