I don't want to get too close
I don't want to get too close
You see this isn't where my head is
If you knew me, I'm not like this
But I just found someone special
And that's really something special
If you knew me, nice to meet you, anyway

I believe you're very fine
Still, I haven't got the time
'Cause, I just found someone special
And that's really something special
If you knew me, nice to meet you, anyway

And the sky opened up
With the soil of the sun
Dreaming of my true love

I don't mean to be so strange
But my life just took a change
'Cause, I just found someone special
And that's really something special
If you knew me, nice to meet you, anyway

And the sky opened up
With the soil of the sun
Dreaming of my true love

So before this goes too far
Let me tell you, what you are
You're amazing, I'm attracted
But I'm terribly distracted
And I'm trying to be verbal
And I'm back into this circle
'Cause, I just found someone special
And that's really something special
If you knew me, nice to meet you
Nice to meet you, nice to meet you, anyway
Nice to meet you, anyway
Nice to meet you, anyway
Nice to meet you, anyway
Nice to meet you, anyway

And even if you want me to stay here
I'm telling you right now I should leave, yeah yeah
Before, I get to changing my mind, Dear
I hope you understand what I mean, yeah
What I mean, yeah
What I mean, yeah
Hope you understand me
Nice to meet you, yeah
Nice to meet you, anyway
