Spending all my money on phone calls
waiting for my ship to come in
in from that ocean
come home to this sea
harboring in me
I don't believe in four leaf clovers
or the luck they're supposed to bring
I've used all my wild cards
but there's something I can do
to get close to you

I've got dreams of love
and I love you
I know you feel the same way too
I feel you spirit
when you're near me and when you're away
Somehow somewhere I'll see you again
but untill then I've got dreams of loving you

Thinking 'bout every little thing we ever did crazy
sipping on that memory lane
that lane never closes
seven days of the week

I can drive in my sleep

cause I've got dreams of love
and I love you
I know you feel the same way too
I feel your spirit
when you're near me and when you're away
somehow somewhere I'll see you again
but untill then
I've got dreams of loving you

Dreams I will share
when I see you again
and I'll see you again pretty soon
I pray
but untill then I've got dreams

I've got dreams of love and I love you

I know you feel the same way too
I feel your spirit
when you're near me and when you're away
somehow somewhere I'll see you again
but until then I've got dreams of loving you
