I can't live without you
Set my goals around you
Takes a little extra time
But it all works out

You're a shining ember
I'll be shining armor
Just look up into my eyes
I won't let you down

And I'll always be here
Yes, I'll always be here

Let it go, settle into me
Let it go, let it all go
Except for me, I'm the one you found
Just hold on, hold on to me now

Why don't we play hooky?
We could both get lucky
Better to get lucky
Than to go to work today

We don't have to shower
You won't wait in traffic
Take our daily panic
And we'll put it all away

And we'll always be near
We should always be near

Let it go, settle into me
Let it go, let it all go
Except for me, I'm the one you found
Just hold on, hold on to me now

Just let it go, settle into me
Let it go, let it all go
Except for me, I'm the one you found
Just hold on in, hold on to me now

Don't you know you're the one for me?

After all anyone can see
Let it go, let it all go now
Let it go
