Tell 'em, "Say no to drugs"  
"Substances make you dumb"  
Then you say, "give 'em some"  
Are you the victim  
Of this experience  
Child experiment  
Teacher's predicament?  
You're in THE SYSTEM

And if you don't walk the line  
You can walk the plank  
Your older brother (government)  
Wants to control your mind  
You're more useful blank

*[Pre-chorus]*

Medicate the kids  
Feathers turn to quills  
Pump 'em full of training fluids  
Powders and pills  
There's nothing you can't flush out  
And nothing you can't kill

*[Chorus]*

Why don't you just back off of us  
Before we go crazy?  
I'm gonna tell you,  
"No way,  
This ain't fair play,

Just don't medicate me"

Tell 'em, "Say no to drugs"  
"Substances make you dumb"  
Unless you get 'em from  
Someone who loves you  
One who knows best for you  
Paid for those tests for you  
Knows how to get you through  
When it's above you  
And you can't get on top  
Cause it's high to climb,

You hear them saying,  
"Don't make me call the cops"  
Every other time

*[Pre-chorus]*

*[Chorus]*

*[Bridge]*

And there's a long line  
Flowing from prescription aisles  
Filed through legal means  
So we can alter the child  
For his protection  
Tie him to extension cords,  
This is the age of discipline

*[Chorus]*
