You need a friend  
I'll be around  
Don't let this end  
Before I see you again  
What can I say  
To convince you to change your mind of me?

I'm gonna love you more than anyone  
I'm gonna hold you closer than before  
And when I kiss your soul, your body'll be free  
I'll be free for you anytime  
I'm gonna love you more than anyone

Look in my eyes  
What do you see  
Not just the color  
Look inside of me  
Tell me all you need  
And I will try  
I will try

Im gonna love you more than anyone  
Im gonna hold you closer than before  
And When I kiss your soul  
Your body'll, be free  
I'll be free for you anytime  
I'm gonna love you more than anyone  
I'm gonna love you more than anyone

Free for you  
Whenever you need  
We'll be free together baby  
Free together, baby

I'm gonna love you more than anyone  
I'm gonna hold you closer than before  
And when I kiss your soul, your body'll be free,  
I'll be free or you anytime  
I'm gonna love you more than anyone  
I'm gonna love you more than anyone
