Take my home  
Take everything I own  
Take it, take control  
You will feel better  
You will feel whole

You're so good  
You stopped me where I stood  
And let me look at love and I feel better  
Oh I feel good

I just wanna give it all to you  
I wanna share this with you  
Make you mine and mine will be all yours  
Whatever you want and more  
What I'm anticipating  
Everything else would be overrated  
Baby it's for you it's all for you

You speak kind  
Oh if you were mine  
What would we be like  
We would be liked  
We would be

I just wanna give it all to you  
I wanna share this with you  
Make you mine and mine will be all yours  
Whatever you want and more  
What I'm anticipating  
Everything else would be overrated  
Baby it's for you it's all for you

Everything else would be overrated

Everything else would be overrated

Open up  
Let me fill your cup  
I can really pour it out  
It will be like

I will be enough

I just wanna give it all to you  
I wanna share this with you  
Make you mine and mine will be all yours  
Whatever you want and more  
What I'm anticipating  
Everything else would be overrated  
Baby it's for you

Baby it's for you

Baby it's for you

It's all for you
