Take my home
Take everything I own
Take it, take control
You'll feel better
You'll feel whole

You're so good
You stopped me where I stood
And let me look at love and I feel better
Oh, I feel good

I just want to give it all to you
I want to share this with you
Make you mine and mine will be all yours
Whatever you want and more

What I'm anticipating
Everything else will be over-rated
Baby, it's for you, it's all for you

You speak kind
Oh, if you were mine, mine
What would we be like?
We would be liked
We would be

I just want to give it all to you
I want to share this with you
Make you mine and mine will be all yours
Whatever you want and more

What I'm anticipating
Everything else will be over-rated
Baby, it's for you, it's all for you
Everything else will be over-rated
Everything else will be over-rated

Open up
Let me feel you come
I can really pour it out
It will be like
I will be enough

I just want to give it all to you
I want to share this with you
Make you mine and mine will be all yours
Whatever you want and more

What I'm anticipating
Everything else will be over-rated
Baby, it's for you, baby, it's for you
Baby, it's for you, it's all for you
Everything else will be over-rated
Everything else will be over-rated

It will be
It will be
Yeah yeah
Everything else will be over-rated
Everything else will be over-rated
Everything else will be over-rated
